--------------	-------	------	--------------

Use of the computers and the Internet provide great educational benefits to students. Unfortunately, some material accessible via the Internet may contain items that are illegal, defamatory, or offensive to some people. Access to the Internet and the use of the computer network is given as a privilege to students who agree to act in a considerate and responsible manner. We require that students and parents or guardians read, accept, and sign the following rules for acceptable online behavior.

- Students are responsible for good behavior on the computer systems just as they are in a school building. General school rules for behavior and communications apply. This includes the Internet.
- Network storage areas may be treated like school lockers or desks. Network administrators may review e-mail, files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files will always be private.
- The following are not permitted:
  - Sending or displaying offensive messages or pictures.
  - Using obscene language.
  - Harassing, insulting or attacking others.
  - Damaging computers, computer systems, or computer networks.
  - Violating copyright laws.
  - Using another's password.
  - Trespassing in another's folder, work or files.
  - Wasting limited resources, including the use of "chain letters" and messages broadcast to mailing lists or individuals.
  - Employing the network for commercial purposes.
  - Revealing the personal address or phone number of yourself or any other person without permission from your teacher.
  - Accessing district blocked sites.
  - Using proxy servers to bypass district blocks.
- Violations may result in a loss of access to technology, loss of credit for the class, suspension from school, and other disciplinary or legal action.

I have read the rules for acceptable online behavior, understand the rules, and agree to comply with the above stated rules. Should I violate the rules, I understand that I may lose privileges at my school.

As the parent or legal guardian of the above named student, I grant permission for him/her to use the school district technology and to access Grand Ledge Public Schools networked computer services such as electronic mail, individual files, and the Internet. I understand that all students use a filtered connection to the Internet that is designed to protect them from inappropriate materials. I understand that no filter can catch 100% of these sites, but the district makes a good faith attempt in this area. I understand there could be disciplinary consequences if the above named student does not follow the guidelines set for acceptable use of the school district technology.
